

# The Hero Within Storyboard Activity

“

I've just got so much on my mind, ya know?

## CREATIVE ACTIVITY – STORYBOARD

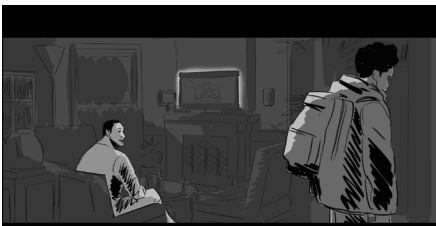

The filmmakers of “The Spider Within” used a storyboard as their creative tool to help develop the story.

Create your own storyboard to share a challenging experience from your life. Each panel will feature an image from your story. There is a space for you to add text below each panel.

Example:

Miles' dad invites him to watch a movie saying, “I call couch!”

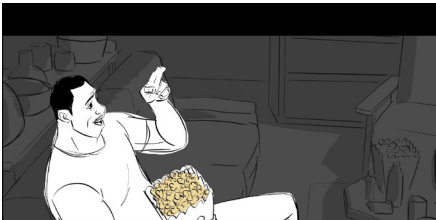

Miles hangs his head answering, “Nah, I would, but I'm just tired. I'll catch you next time.”

Miles' dad is concerned and asks, “Are you okay, son?”

Miles looks down, pretending he's fine, and says, “Yeah I'm good.”

Miles' dad turns to the television responding, “Okay. Copy that.”

Miles walks into his bedroom while his dad watches the movie.
